## College Of Birmingham

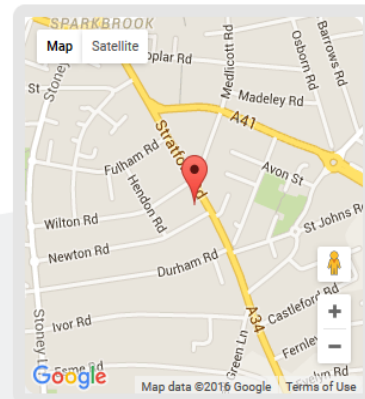

College of Birmingham is a private organisation that aims to fulfil the needs of students in further education. The college offers a wide variety of courses available for learners to gain the relevant qualifications they are interested in. Some of the most popular courses we offer are Food safety, Level 2 Childcare, Driving theory practice, PTTLS and ESOL for those who are interested in improving their basic English. The college understands the importance of improving student's general skills in English and ICT, therefore all courses available embed these skills within them for students to benefit from. Our motto is to always put students needs first and we are proud to have a high success rate in student satisfaction.
